Building for the Future

The COVID-19 pandemic has upended our daily lives and routines. At present, those who frequent our excellent library system are unable to access the HQ and branch buildings and instead can only check out books through delivery to their car or use online library services. The Library District, however, will - when conditions warrant - resume a full schedule of activities and services. The Foundation will be there to continue enhancing the ACLD's ability to serve our community. In recent years, the Foundation has made significant contributions to the remodeling, renovation, and construction of branch libraries, and it anticipates continuing to raise the necessary funds to provide such support in the coming years.
